2. (New) A method for navigating in a program guide, comprising:
- presenting the program guide to a user;
 - presenting in the program guide a navigation cell that may be selected by the user;
 - receiving a user selection of the navigation cell; and
 - navigating the program guide to a navigation point corresponding to the navigation cell in response to the user selection of the navigation icon.
3. (New) The method of claim 2, further comprising presenting a program grid within the program guide such that the program grid comprises the navigation cell and program information cells.
4. (New) The method of claim 3, further comprising repositioning a cursor from a program information cell within the program grid to the navigation cell.

5. (New) The method of claim 3, further comprising scrolling the program information cells while keeping the navigation cell substantially fixed in response to user input.

6. (New) The method of claim 2, further comprising presenting an icon in the navigation cell.

7. (New) The method of claim 2, wherein the navigation point corresponds to programs that are currently being broadcast.

8. (New) The method of claim 2, wherein the navigation point corresponds to programs that are broadcast on premium channels.

9. (New) The method of claim 2, wherein the navigation point corresponds to programs that are broadcast during a primetime time period.

10. (New) A method for navigating in a program guide, comprising:

presenting the program guide to a user;
presenting in the program guide a menu including a navigation point that may be selected by the user;
receiving a user selection of the navigation point; and

navigating the program guide to the navigation point in response to the user selection of the navigation point.

11. (New) The method of claim 10, further comprising presenting a program grid within the program guide.

12. (New) The method of claim 10, wherein the navigation point corresponds to programs that are currently being broadcast.

13. (New) The method of claim 10, wherein the navigation point corresponds to programs that are broadcast on premium channels.

14. (New) The method of claim 10, wherein the navigation point corresponds to programs that are broadcast during a primetime time period.

15. (New) A system for presenting a program guide, comprising:

a remote control that receives user input from a user; and

a control unit that causes the program guide to be presented to a user, that causes a navigation cell that may be selected by the user to be presented in the program guide, that receives a user selection of the
